Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I truly rely on this service so that when I am coming home late from work or have a break down with my vehicle I can call for help. Also if I see any suspicious things happening I can report it in a moment. I feel safer with having this service. I already work four jobs to be able to support myself and this phone service.

Thank you for consideration of this bill before you pas it.

Dorothy McCoy
